Clearing System(s)	DTC and its participants, including Euroclear Bank S.A./N.V., as operator of the Euroclear System (“ Euroclear ”) and Clearstream Banking, <i>société anonyme</i> (“ Clearstream ”).
Ranking	The Notes will be the Issuer’s senior unsecured obligations, ranking equally in right of payment with all of the Issuer’s existing and future senior unsecured debt (save for certain mandatory exemptions provided by French law). The Notes will rank equally with each other.
Additional Amounts	All payments in respect of the Notes will be made without withholding or deduction for any taxes or other governmental charges, except to the extent required by law. If withholding or deduction is required by law, subject to certain exceptions, the Issuer will pay additional amounts so that the net amount Holders receive is no less than the amount that Holders would have received in the absence of such withholding or deduction.
Optional Redemption	Prior to the applicable Par Call Date, the Issuer may redeem the relevant series of Notes, in whole or in part, at any time or from time to time prior to their maturity,

at its option, giving not less than 30 nor more than calendar 60 days' notice to each Holder of such Notes with a copy to the Fiscal Agent (which notice shall be irrevocable). Upon redemption, the Issuer will pay a redemption price equal to the greater of (i) 100% of the principal amount of the relevant series of Notes to be redeemed and (ii) as determined by the Fiscal Agent, the sum of the present values of the remaining scheduled payments of principal on the Notes of such series to be redeemed through the relevant Par Call Date (exclusive of any portion of such payments of interest accrued as of the date of redemption) discounted to the redemption date on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at a rate equal to the Treasury Rate plus (a) 25 basis points with respect to the Ten-Year Fixed Rate Notes, (b) 30 basis points with respect to the Twenty-Year Fixed Rate Notes and (c) 30 basis points with respect to the Thirty-Year Fixed Rate Notes, plus in each case accrued and unpaid interest on the principal amount being redeemed to (but excluding) the date of redemption.

“Treasury Rate” means, with respect to any redemption date, the rate per annum equal to (i) Treasury Yield to Maturity of the Comparable Treasury Issue or (ii) if there are two Comparable Treasury Issues, the rate determined by interpolation (on a day count basis) of the Treasury Yields to Maturity for the Comparable Treasury Issues for a maturity equal to the Remaining Life of the Notes.

“Treasury Yield to Maturity” means, with respect to any Comparable Treasury Issue, the semi-annual equivalent yield to maturity of that Comparable Treasury Issue assuming a price for that Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price of such Comparable Treasury Issue for such redemption date.

“Comparable Treasury Issue” means the United States Treasury security or securities selected by an Independent Investment Banker as having an actual or interpolated maturity most comparable to the remaining term (“Remaining Life”) of the Fixed Rate Notes to be redeemed (assuming, for this purpose, that such series of Fixed Rate Notes matured on the applicable Par Call Date) that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of a comparable maturity to the Remaining Life of such series of Fixed Rate Notes.

“Comparable Treasury Price” means, with respect to any redemption date, (A) the average of the Reference Treasury Dealer Quotations for such redemption date, after excluding the highest and lowest such Reference Treasury Dealer Quotations, or (B) if the Independent Investment Banker obtains fewer than four such Reference Treasury Dealer Quotations, the average of all such quotations.

“Independent Investment Banker” means one of the Reference Treasury Dealers appointed by us.

“Reference Treasury Dealer” means each of Barclays Capital Inc., Citigroup Global Markets Inc., HSBC Securities (USA) Inc., Merrill Lynch, Pierce, Fenner & Smith Incorporated and Morgan Stanley & Co. “Reference Treasury Dealer Quotations” means, with respect to each Reference Treasury Dealer and any redemption date, the average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its

principal amount) quoted in writing to the Independent Investment Banker by the Reference Treasury Dealers at 3:30 p.m. New York time on the third business day preceding such redemption date.

Residual Maturity Call Option	The Issuer may, on giving not less than 15 nor more than 30 days' irrevocable notice, at any time or from time to time from and including the date three months prior to the applicable Maturity Date for the Ten-Year Fixed Rate Notes (the " Ten-Year Notes Par Call Date ") and six months prior to the applicable Maturity Date for the Twenty-Year Fixed Rate Notes, and the Thirty-Year Fixed Rate Notes (the " Other Notes Par Call Date " and together with the Ten-Year Notes Par Call Date, the " Par Call Date "), redeem, in whole or in part, the Notes at par plus any accrued and unpaid interest accrued to, but excluding, the date fixed for redemption.
Tax Redemptions	The Issuer may redeem, in whole but not in part, all of any series of the Notes at a redemption price of 100% of the principal amount thereof, plus accrued and unpaid interest, if any, to (but excluding) the redemption date, if the Issuer or any surviving entity would become obligated to pay certain additional amounts, as described above, as a result of certain changes in tax laws or certain other circumstances.

****Note: Delivery of the Notes will be made against payment therefor on September 21, 2018, which will be the third business day following the date of pricing of the Notes, or "T+3".
