Additional Withholding Requirements

The following paragraph supplements the discussion set forth in the Prospectus Supplement under “Certain United States Federal Income and Estate Tax Consequences to Non-United States Persons” and should be considered as a new last paragraph in that discussion under the heading “—Additional Withholding Requirements”:

Under Sections 1471 through 1474 of the Internal Revenue Code (such Sections commonly referred to as “FATCA”), a 30% United States federal withholding tax may apply to any interest income paid on the subordinated notes and, for a disposition of a subordinated note occurring after December 31, 2016, the gross proceeds from such disposition, in each case paid to (i) a “foreign financial institution” (as specifically defined in the Internal Revenue Code) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) its compliance (or deemed compliance) with FATCA (which may alternatively be in the form of compliance with an intergovernmental agreement with the United States) in a manner which avoids withholding, or (ii) a “non-financial foreign entity” (as specifically defined in the Internal Revenue Code) which does not provide sufficient documentation, typically on IRS Form W-8BEN-E, evidencing either (x) an exemption from FATCA, or (y) adequate information regarding certain substantial United States beneficial owners of such entity (if any). If an interest payment is both subject to withholding under FATCA and subject to the withholding tax discussed above under “—United States Federal Withholding Tax,” the withholding under FATCA may be credited against, and therefore reduce, such other withholding tax. You should consult your own tax advisors regarding these rules and whether they may be relevant to your ownership and disposition of subordinated notes.

Settlement Period: The closing will occur on September 10, 2014 which will be more than three U.S. business days after the date of this pricing term sheet. Rule 15c6-1 under the Securities Exchange Act of 1934 generally requires that securities trades in the secondary market settle in three business days, unless the parties to a trade expressly agree otherwise.
